ALUMINIUM BIFOLD DOORS

Manufactured in our British factory, our Bifold doors use premium, marine-grade aluminium for a quality finish and excellent durability.

Cleverly designed with super-slim sightlines, engineering-grade hardware and thermal break technology, the bifold doors are known for their unrivalled performance.

Our sleek bifold doors are a great way to open up space in any property. Consisting of your chosen amount of glass panes, the door neatly folds back to bring the outdoors in, for a seamless transition between spaces.

ASTRAGAL BARS

For a heritage look on aluminium bifold doors, astragal bars can be installed with them, to truly create your very own style.

TRANSOMS

To create a bold statement, transoms offer the ability to transform the doors with an industrial look and give the opportunity to insert solid panels for added functionality.

FLOATING CORNER

Our bifold doors are also available with a floating corner post, giving the unique ability to open up space to the absolute maximum. Structural support must be in place.

COMPATIBLE WITH MOST GLAZING TYPES, INCLUDING INTEGRAL BLINDS
